EUROBIKE
CHAORYANG //
2018/19 BASIC LINE

ZC-Rubber successfully joins the ranks of global top 10 tire manufacturers in 2015. The annual revenue has reached \$4.88 billion. CHAOYANG is the earliest and most important brand in ZC-Rubber. As the leader of Chinese tire market, we also continuously get remarkable achievement in global market. Presenting high quality tires of bicycle, motorcycle, automobiles, light trucks, trucks, ATV, and trailers, we provide whole series of solutions demanded from customers worldwide.

Headquarter of ZC Rubber

CHAOYANG was founded in 1958, which is from the mysterious Orient, nearby Qiantang River, next to Haichao Temple, one of the famous temples in Hangzhou. As  shows, the morning sun rises slowly from the tides. Keep moving up, being passionate, rolling forward is our eternal pursuit.

The developing history of CHAOYANG is similar as it is of modern China.

1958-1978: Based on the requirement of people's daily life, CHAOYANG TIRE covers from 28' village-old-fashioned to 26' urban-commuter. Better loading capacity and wear-resistance are highly required in the market during that time.

1979-1999: In year 1979, our leader Mr Deng Xiaoping opened Chinese door to the world. People's life was improving with the pace of reform and opening policy. Fitness and sports reinvested tire more concepts. CHAOYANG has been listening and following constantly.

Since year 2000, CHAOYANG stepped into overseas market. We gradually realized the glamour of bicycling sport and the requirements of tires. Just as most products "made in TAIWAN", we also went through the rapid OEM development period, which made our products the best choice for many top-level bicycle brands. Furthermore we truly understand that it is far from enough to own only perfect stability and quality. Tire has souls. Riding through canyons, jungles and

muddy trails, conquering tough terrains such as the punishing gravels in Paris-Roubaix and Alpe D'Huez, to constantly realize the self-transcendence of acceleration and passion, we must endow our tire more performance, super grip, traction, cornering, protection, acceleration and riding comfort; lower rolling resistance, lighter weight and remarkable durability. Our technological team is making efforts on developing more and more durable and light weight casing materials, construction, extreme performance compound under latest technology to meet variety of your demands. We are turning from "MADE IN CHINA" to "INNOVATED IN CHINA"!

Of course, we know that to achieve the best tire, we need great riders from different countries, testing our tire in different terrains and climates, complex environmental conditions. Your feedback will make it possible for us to improve CHAOYANG tire constantly. We need your passion. Let's forward together!

We sincerely invite you to join in our team, please kindly send email to passion@zc-rubber.com for more details.

WIRE BEAD TIRES TAG

■ Customer oriented designed tag for display use and better understanding of different functions.

STANDARD TUBE

- Optimal air retention performance, anti-freezing, heat-resisting
- All butyl rubber made, excellent tensile elongation performance

0.90MM THICKNESS

- 0.90mm in thickness
- Lightweight and durable racing tubes
